NOTE: Drills must be posted on Marquette-Alger RESA website within 30 days of completion.

The **fire drills** must have reasonable spacing between them and three must be held before Dec. 1; the other two must be held during the remainder of the school year.

The **tornado drills** can be held anytime during the school year as long as one of them is conducted in March.

The **lockdown drills**: one must be held before Dec. 1 and one after Jan. 1.

Another requirement is that at least one safety drill must be held during a lunch or recess period or another time when a significant number of students are not in a classroom. This year, that will be the November 8th fire drill that will happen during lunch.
